Venue | ICGEB

The International Centre for Genetic Engineering and Biotechnology (ICGEB), established in 1983, is an international, intergovernmental Organisation conceived as a Centre of excellence for research, training and technology transfer to industry in the field of biotechnology to promote sustainable global development. The Centre conducts innovative research in life sciences and strengthens the research capability of its over 60 Member States. Located in Trieste (Italy), New Delhi (India) and Cape Town (South Africa), the three ICGEB Components provide a scientific and educational environment of the highest international standards. ICGEB-Delhi with its proximity to the New Delhi International Airport is best suited to be the host for GATC 2024 with its lush green campus and state of the art conference facilities.
